# DEPARTMENT OF POLITICAL SCIENCE

## ICT / PPT CLASS

## ICT/PPT LEARNING

The activities carried out through digital and interactive tools increase student concentration and, therefore, they assimilate concepts more quickly, enhancing learning. This type of tool involves students in more practical learning, with the aim of reinforcing what they have learnt. From the department of Political science we conducted PPT-classes

ICT can help learners to overcome difficulties in seeing, hearing, communicating, remembering/concentrating/learning or moving their upper limbs (a capacity often needed for writing or other school activities).
