OBJECTIVES OF ICT IN EDUCATION

Information and Communications Technology (ICT) can impact student learning when teachers are digitally literate and understand how to integrate it into curriculum. Schools use a diverse set of ICT tools to communicate, create, disseminate, store, and manage information. The main purpose of using ICT for classroom teaching is to optimize the learning outcomes of teaching..

- It improves concentration and comprehension....
- It promotes student flexibility and autonomy....
- It encourages critical thinking....
- It facilitates communication between teachers and students....
- Increased classroom productivity and collaborative work....
- It stimulates motivation.
