'World Ozone Day'

Conducted on 15-09-2018 Saturday

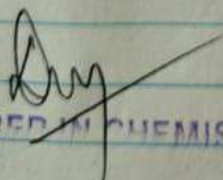

THEME! "Keep Cool and Carry on"

We the department of chemistry, Telangana Tribal Welfare Residential Degree College (Boys) Manugachhi, Celebrating World Ozone Day on 15-09-2018 i.e. Saturday.

Every year "September 16th" is we celebrate World Ozone Day to remind the world about the depletion of the ozone layer and its dangers.

The theme for World Ozone Day 2018 is a motivational rallying call urging all of us to carry on with the exemplary work of protecting the ozone layer and the climate under the Montreal Protocol.

The theme has two connotations - that our work of protecting the ozone layer also protects climate and that the Montreal Protocol is a 'cool' treaty, as exemplified by its outstanding success.

'World Earth Day'

Conducted on 22 Apr 2019

Earth is believed to be the only planet which nurtures life in the 'known Universe'. In fact, it is the only habitable planet which has an abundance of air, water, plants, animals and human being. Very unfortunate that the condition of earth is fast deteriorating due to unfriendly activities practiced by humans.

The Earth day is observed every year on 22nd April not only to remind everyone but to sensitise everyone to contribute their bit to save earth from further disintegration.

All the science (B.Sc) students participated in Earth Day. The students voiced their views on saving the planet. The Earth day celebrations concluded through a strong message by the principal Sri. B. Ravi guru to safeguard our environment by planting a sapling by each and every student of the college.

'World Ozone Day'
conducted on 16 Sept 2019

THEME: '32 years and Healing'

We the department of chemistry, ~~conducted~~
Telangana Tribal Welfare Residential Degree college
(Boys) Manuguru celebrated World ozone day
on 16 Sept 2019.

Every year "September 16th" we celebrate
"World ozone day" to create awareness among the
students about the depletion of the ozone layer
and its dangers.

The theme for this year celebrates over
three decades of remarkable international
cooperation to protect the ozone layer and
the climate under the Montreal protocol. It
reminds us that we must keep up the
momentum to ensure healthy people and
healthy planet.

The students of science (B.Sc) participated
in the world ozone day celebrations. and the
students were advised to use environment
friendly cleaning products, prohibit the use of
nitrous oxide, buying air conditioning and
refrigeration equipment that do not use
hydro chlorofluoro carbons (HCFC) as refrigerant.

'World Science Day for Peace and Development'

Conducted on 11 Nov 2019

THEME: 'Open science, leaving no one Behind'

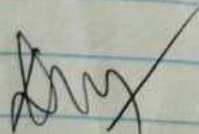

We the department of chemistry T. Tribhuvan Welfare Residential Degree College (Boys) Manuguru celebrated 'World Science Day for Peace and Development' on 11th Nov 2019

World science day for peace & development is celebrated every year on 'November 10', it works towards keeping people informed about the developments in science.

"World Science Day was proclaimed by the United Nations Educational, Scientific and Cultural Organisation (UNESCO) in 2001 and first world science day was celebrated for the 1st time in 2002"

The science (B.Sc) Students participated in world science day celebrations.

The event encouraged and promoted the importance of science in our everyday life.

"World Ozone Day"
Conducted on 16/09/2021

THEME: "Montreal protocol - Keeping us, our Food
and vaccines cool"

World Ozone Day is observed every year on 16th Sept ~~2021~~ to bring awareness on the ozone layer depletion and their protection steps to be taken to protect us from various harmful rays like UV rays which cause skin cancer and other diseases.

We the department of chemistry, Telangana Tribal Welfare residential Degree college (Boys) Manuguru, conducted 'World Ozone Day - 2021' on 16th Sept 2021 virtually (Google meet) due to COVID-19 pandemic.

The students of science departments participated and shared their views on World Ozone Day.

World Ozone Day
Conducted on 16-Sept-2022

THEME: Montreal Protocol @ 35: global cooperation
protecting life on earth.

World Ozone Day is observed every year on 16th September to bring awareness on the ozone layer depletion and their protection steps to be taken to protect us from various harmful rays like UV rays which cause skin cancers and other diseases.

We the department of Chemistry TTWRDL (Boys) Manuguru celebrated World Ozone Day on 16-sept 2022 to create awareness on ozone layer depletion.

The students of science participated in the celebratory and some activities conducted like Quiz, painting & Essay writing competition, and students gave speeches on preventive measures to reduce the pollution.

The programme finally concluded ~~with~~ ^{by} Oath taking.

'World Science Day for Peace & Development'
conducted on 10th Nov 2022.

THEME: 'Basic Science for Sustainable Development'

World Science Day for Peace and Development is celebrated internationally on 10th November. It was started from the year 2001 by the United Nations approving the resolution related to the celebration of 10th November as World Science Day.

We the department of Chemistry TTWRDL (Boys) Manuguru celebrated 'World Science Day for Peace and Development' on 10th November 2022.

The students of science participated and gave speeches on recent development in the fields of science and participated in quiz.

The celebrations concluded by the speech of Principal Smt. G. Swapna Kumari.

"National cleanliness Day"
Conducted on 30 Jan 2023

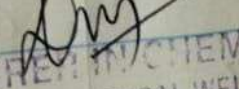

THEME! "Swachh Bharat; Swasth Bharat"

National cleanliness day is celebrated every year on January 30 with the aim of promoting cleanliness and sanitation as a way of life.

~~THE~~ ~~DAY~~

The whole college, whether it was students and staff took part in this event.

The student and staff cleaned the entire campus, maintaining a safe and healthy learning environment through regular campus cleaning is more important. ~~THE~~

"National Cleanliness Day"

World Water Day
Conducted on 23rd March 2023

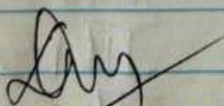

THEME: "Accelerating change"

World Water Day is celebrated on 22nd March every year. It is an annual United Nations observance, started in 1993.

The idea for this international day came from ^{in 1992} the United Nations Conference on Environment and Development in Rio de Janeiro took place. That same year, the UN General Assembly adopted a resolution by which 22 March of each year was declared 'World Water Day' started in 1993.

We the department of chemistry, TWRDC Boys Manuguru conducted an event on "World Water Day" and the students of science participated and speeches given by faculty & students on importance of water resources and their conservation.

The department of chemistry gave awareness on the water pollution and necessity of sustainable ways for the protection of water resources.

World Earth Day
22nd Apr 2023

THEME:- 'Invest in our planet'

We the department of chemistry TTWRDC (Boys) Manuguru celebrated "World Earth Day" on 22nd Apr 2023.

Earth day is celebrated around the world with a proof that even one person can make a global impact in a positive way.

The whole college, whether it was the students, staff took part in plantation of saplings. The students were reminded of simple doable actions towards safe mother Earth.

We the department of chemistry addressed the students and emphasizing upon the importance of afforestation, planting of trees and need for everyone to put together their efforts and get into action, in protecting our Earth's Environment.
