

Departmental meeting

23/03/2024

physics departmental meeting was conducted on 23/03/2024 under the supervision of principal madam to discussed the following points.

- Discussed about the coverage of syllabus.
- Discussed about the status of practicals syllabus
- methods for finding slow and fast learners were discussed and action plan for slow learners were discussed.
- Discussed about the teaching plans for theory and practical for sem II, IV, and VI.
- Discussed about the learning levels of students.
- Discussed about the adoptee system and madam asked whether the adoptee system was is students following or not.
- Discussed about the attendance status of the students and madam instructed to call make call to the absentees.
- Discussed about the status of PG-coaching.
- Discussed about the health conditions of the students.
- Discussed about the NAAC and madam instructed to make the students to know about the NAAC

- ⇒ discussed about the online applications of - CUET-PG, and how many numbers of students applied - for CUET-PG.
- ⇒ Discussed about the Reference books which are related to physics.
- ⇒ principal madam directed to include power point presentations in teaching process in order to make teaching learning more effectively.
- ⇒ Discussed about the internal assessment activities of the students and schedule - for sem II, IV & VI.
- ⇒ discussed about the Kalpana programme for the second year students.

Departmental meeting

24/04/2024

physics departmental meeting was conducted on 24/04/2024 and the following points were discussed under the supervision of principal madam.

- Discussed about the coverage of practical and theory syllabus.
- Discussed about result analysis
- Discussed about the internal - Examinations and discussed about upcoming - External - Examinations.
- Discussed about the subject activities and steps - for taken - for advanced and slow learner students.
- Discussed about the performance of the - first year students.
- Discussed about the extension activities.
- Discussed about the apparatus requirements of the physics department.
- Collection of previous year question papers.
- Discussed about the methods - following - for Remedial classes.
- Discussed about the students performance in academics.
- Discussed about the students participation in seminars, group discussions and discussed about the - field - trips which are related - to physics.

- Discussed about the different aspects about conducting certificate course.
- Discussed about the study-tours and guest lecture - for sem VI students.
- principal madam directed - to conduct pre-final examination - for sem II, IV and VI.
- Discussed about the preparation of students - for PG entrance exams.
- Discussed about the students utilization of Library.
- Discussed about the usage of ICT Tools - for teaching learning process.

Departmental meeting

25/06/2024

physics departmental meeting was conducted on 25/06/2024 and the following points were discussed under the supervision of principal madam.

- Discussed about the teaching plans for theory and practical for sem I, III and IV
- Discussed about the attendance status of the students.
- collection of previous year question papers.
- Discussed about the extension lecturers activities.
- ⇒ Discussed about the conducting certificate courses for students.
- Discussed about the requirements of physics reference books for students.
- Discussed the internal assessment ^{activities} of the students for sem I, III and IV.
- Action plan for remedial classes for slow learners.
- planning for conducting PG-coaching for ~~first~~ second and third year students.
- Madam instructed to make call for absentees to report college immediately.
- Discussed about the methods following for teaching learning process which can enhance the knowledge of students.

- principal madam directed to make the students to participate in seminars, and group discussion which can improve their knowledge.
- madam suggested some new methods should be take to improve their knowledge and to create enthusiasm in physics subject.
- preparation of physics models.
- preparation of charts which are related to physics subject.
